

Cabinet Summary February 18, 2020

Excused: Stephanie & Crystal

Enrichment – Christine & Anna

- Generally Guided Pathways-faculty focused theme was well received.
- The sooner we can get the Institutes on people's calendars, the better.
- **Christine and Anna will get the annual dates out at the beginning of the (academic) year.**
- May/Summer Institute – consider something for strategic planning. Maybe second day morning (2 blocks, 5 sessions each) around SPC. Conclude with Summer Inst. Luncheon.
 - SPC Institutes: workforce changes; apprenticeships; Broad Street stuff (AIM, SBDC, Carpentry/masonry, Innovative Collective)
 - Day 2: Randy session on disruption.
- Randy suggested Enrichment Council review “greatest hits” and offer again.
- Wellness themes: stress management; depression/anxiety (student/classroom focused)
- NFI update – partnering with academics to maximize use of available Fridays.
