CRM

- Slate versus GeckoEngage

Masks protocol moving forward

- Discussed masks protocol and considered direction for vaccinated people on campus (and non-masked interactions).
- Determined we should wait to make any changes and still require masks for all (for now).
 - Events/Dance performances – 17-feet of distance from audience - no masks for solo performers, require masks for group performances.

Return to campus and fall opening

- June 1 - every office is physically available/open (M-F) with staggered staffing.
- August 2 – everyone (100%) is back 5 days a week.
 - Will adjust if NYS guidance doesn't change.
 - Additional considerations for August 2 return
 - Need to evaluate space capacity: classrooms, meeting rooms, etc.
 - Consider staggered start times so the check-point doesn't get backed up.
 - Need to determine testing requirements for employees and capacity to administer.
- Remote one-offs (as we did during pre-COVID) are ok, but a regular remote rotation is not acceptable at this point.
- Rules of reasonable accommodations applies for continued remote/virtual work. Direct inquiries to HR.
