

Cabinet Summary December 14, 2021

Present: All (Randy joined at 9)

ED of Institutional Adv. & Foundation

- Interviewed finalist, Deanna Ferro-Aurience.

Previous meeting summary

Values moments

- Jill - End of semester/year Celebrations, in particular Kathe Herting's "ugly" sweater.

Everbridge

- Issue with Banner 9 integration with SIRS that effects students' ability to sign up for NY Alert.
- Lew indicated the information has been shared through Black Board and classroom announcements.
- Alen shared that as a non-profit organization we have the ability to automatically sign everyone up and give users the ability to opt out.
- **Franca will look into how MVILR are receiving notifications.**
- MJ is looking into how other schools are enrolling students in NY Alert.
- **Alen will work with MJ on promotion.**

COVID updates

- Steph provided an update on spring testing that will be self-serve in the health office.
- Discussed new (student) vax data collection and integration with SUNY that should simplify tracking.
- **Stephanie will send an email to all students encouraging them to get their booster as we anticipate it being a SUNY requirement.**

Mental Health/social norming

- Stephanie is planning to get an internal group together to begin an RFP process.
- **Stephanie will create a strategic communication plan for spring.**
- **She will also have her designated team research mental health stats that can be shared at the data summit.**

Other

- Franca – FYI - 5k job vacancies in Oneida County and 8k in the tri-county area.
 - FYI - Partnered with a few regional CCs and industry partners on a Center State CEO application worth \$70m. Kudos to Russ and Christina for the pre-work/conversations that positioned us well for this opportunity.
- Crystal – PA contract was ratified – she will summarize the changes and share with admin group; APA agreed to a one-year rollover;
 - Update: There are 29 employees who still need to complete the required HR training (currently at 95%).
- Randy – thiNCubator a vax only space with temperature checks. **Randy will double check on if this applies to only co-workers or all users of the facility.**
