

MVCC 2013 GRADUATE FOLLOW-UP SURVEY

This report summarizes the results of Mohawk Valley Community College's Graduate Survey.

There were 1033 graduates (Aug '11, Dec '11 and May '12), who received a total of 1043 degrees. This report was prepared in the Spring of 2014 by the Office of Institutional Research and Analysis.

Notes:

- 1) The survey was sent out by mail in May and again in July 2012. The survey did not reach 23 of the graduates due to incorrect addresses/phone numbers.
- 2) The term "Respondent" does not necessarily indicate someone who actually filled out a questionnaire. The information actually comes from three sources:
 - a) There were 139 survey returns, including the information received via telephone calls (13.5% return rate).
 - b) SUNY-generated files to track transfer students.
 - c) Websites for certifications used to verify status.

Data in question 11 includes 317 additional students who were tracked in this fashion.

- 3) The list of employers in Part 2 only includes those of students in "related" occupations, although the salary is the median of all those who volunteered their income. An asterisk (*) in the salary information indicates that fewer than three graduates reported their annual salary.
- 4) Percentages are based solely on non-blank values.

Comments

Diverse course selection

great hours and availability.

I enjoyed my time at MVCC and it also helped me greatly when transferring to a 4-year school

I enjoyed working in the labs and having the opportunity to learn new skills

I feel MVCC's Aviation Maintenance Training program would be excellent for anyone interested in hands on mechanical work. It provided the knowledge needed to get a good foot hold in the Aviation Industry. I very much enjoyed the program and staff.

I had a good experience while I attended MVCC

I had some great teachers. Very professional!

I liked that the number of students in a class were kept small. This made it easier to get to know the teachers and the students. I felt that the ones I graduated with and my main teacher were my family and hope to stay in touch with them for a long time.

I love mv i think its perfect

I loved how well educated most of the professors seemed.

I loved the psychology major because the coursework gave me a great foundation that allowed me to gain further knowledge with my current coursework.

I really enjoyed the curriculum throughout the major. All faculty was helpful in a variety of ways.

I thought the teachers were great and the course work was relevant to what I want to do with my life. I was impressed with MVCC. You hear that MV is just like high school but its not. The teachers I had challenged me to do my best.

In the Human Services major, I feel that the curriculum was very well structured to prepare me for my career. The instructors were knowledgeable about the subject + were able to provide real-life experience + knowledge to their students.

It was a flexible program with a greater choice.

MVCC prepared me very well and help me to further educate myself in the Human Service field. Keuka ASAP program is a great opportunity allows me to stay close to home

MVCC was an excellent place to start my college studies. The teachers I had were some of the best I have ever had!

My instructors were the best part of my major, because they were very dedicated and always there to help.

My major involved different areas of study (business, accounting and insurance) which allows me to have more knowledge than narrow focused

My Major is General Studies, so I feel that I like most subjects that I really studied because it prepares me as general student and makes me feel confident about myself.

The courses that I completed in my major provided lots of information that I use in my everyday job.

The nursing program at MVCC is very close-knit. I enjoyed my experience very much. The faculty was great!
