

MVCC 2015 GRADUATE FOLLOW-UP SURVEY

This report summarizes the results of Mohawk Valley Community College's Graduate Survey.

There were 1301 graduates (Aug '13, Dec '13 and May '14), who received a total of 1340 degrees. This report was prepared in the Fall of 2015 by the Office of Institutional Research and Analysis.

Notes:

- 1) The survey was sent out by mail in June and again November 2014. The survey did not reach 20 of the graduates due to incorrect addresses/phone numbers.
- 2) The term "Respondent" does not necessarily indicate someone who actually filled out a questionnaire. The information actually comes from three sources:
 - a) There were 298 survey returns, including the information received via telephone calls (28.9% return rate).
 - b) SUNY-generated files to track transfer students.
 - c) Websites for certifications used to verify status.
 - d) Employment/education information posted on social media.

Data in question 11 includes 408 additional students who were tracked in this fashion.

- 3) The list of employers in Part 2 only includes those of students in "related" occupations, although the salary is the median of all those who volunteered their income. An asterisk (*) in the salary information indicates that fewer than three graduates reported their annual salary.
- 4) Percentages are based solely on non-blank values.

Comments

Everything was awesome. Love it & miss all of my teachers and friends.

good start in the field

but it could really use some in the field training to go along with the classes, the way I was taught in the classroom how to run machinery focused on preservation of the tooling and machinery with no bearing on time. in the real

I am a veteran of Desert Storm. I graduated with a CJ degree. I am in charge of security and buildings and grounds of a school district. It would not be possible without MVCC. Awesome experience.

I did work in the field I was trained in for four months following graduation and the training was good and the certificate (A&P license) valuable.

I enjoyed my time at MVCC. I wish it had been easier to obtain a job in my field of study. Overall, I enjoyed my classes and professors @ MVCC. I recommend MVCC to others for their ease in scheduling classes and their understanding professors!

I enjoyed the hands on labs, no improvements necessary

I had a great experience at MVCC. The classes were great and the professors were wonderful and enjoyed what they do. Thank you!

I liked the variety of classes that were required and the teachers were great. Learned a lot from them!

I loved all the computer classes. Didn't like the english classes.

It helped me figure out what I wanted to do at the other college I transferred to. I also got all my general education credits done and I can focus on completing my major.

MVCC was a great stepping stone for me and I am always recommending it as an option to my high school graduates in the Remsen district.

Psychology has awesome professors, many of the classes are available on rome campus.

The amount of knowledge I gained that can be applied to actual situations through out life.

The staff and their investment in the futures of their students. I attended other schools before MVCC and had very poor experiences with the Student Services offices (Financial Aid, Registrar, etc.) yet never encountered errors or negligent staff in my t

The teachers were very engaging and they helped me think of the real world.
