

MVCC 2016 GRADUATE FOLLOW-UP SURVEY

This report summarizes the results of Mohawk Valley Community College's Graduate Survey.

There were 1294 graduates (Aug '14, Dec '14 and May '15), who received a total of 1342 degrees.

This report was prepared in the Fall of 2015 by the Office of Institutional Assessment.

Notes:

- 1) The survey was sent out by mail and email. The survey did not reach 12 of the graduates due to incorrect addresses/phone numbers.
- 2) The term "Respondent" does not necessarily indicate someone who actually filled out a questionnaire. The information actually comes from three sources:
 - a) There were 295 survey returns, including the information received via telephone calls (22.8% return rate).
 - b) SUNY-generated files to track transfer students.
 - c) Websites for certifications used to verify status.

Data in question 11 includes X additional students who were tracked in this fashion.

3) The list of employers in Part 2 only includes those of students in "related" occupations, although the salary is the median of all those who volunteered their income. An asterisk (*) in the salary information indicates that fewer than three graduates reported their annual salary.

4) Percentages are based solely on non-blank values.
